Something Happened.

We were stocking our warehouse when one of our original Featherstone pink flamingos was bit by a sickly warehouse pigeon. What morphed from that will chill you to the bone. These flesh-eating feathered fiends seem to only be obsessed with two things: eating brains and being adequately priced for mass consumption.

We accidentally introduce item 62363.

Available now at your own risk, while we search for a cure.

DID YOU KNOW?

- In 2011 the CDC release a "What to do in case of a zombie attack" web site. It went viral.
- Over 10 million people tuned in for the season 3 premier of AMC's "The Walking Dead" a drama based on a world overrun by the undead.
- Amazon.com lists over 70,000 results for a product search of Zombie. 30,000 of those are for books and movies.
- Google reports that searches for "zombie" result in millions of clicks each month.
